Vielmetter Los Angeles, 1700 South Santa Fe Avenue #101  
25 January–7 March 2020

Twenty-four monumental drawings of exquisite detail will be divided into two exhibitions at Vielmetter Los Angeles, with the second chapter of Karl Haendel's presentation opening on 15 February 2020. Each drawing captures the intimate interlocking of hands, between Haendel and his ex-wife—an alternative to portraiture that he expresses as having a powerful, 'embodied sculptural presence', which he eventually expanded to include the hands of his friends.
