September 21, 2019

New York's Public Art Fund will present Pope.L's most ambitious participatory project yet. *Pope.L: Conquest* will involve over one hundred volunteers, who will relay-crawl 1.5 miles from Manhattan's West Village to Union Square. According to the Public Art Fund, participants will "give up their physical privilege" and "satirize their own social and political advantage, creating a comic scene of struggle and vulnerability to share with the entire community."

## MITCHELL-INNES & NASH

Pope.L has organized more than 30 performance art projects since 1978, but this will be the largest of the bunch. The crawl will take place on September 21, beginning at the Corporal John A Seravalli Playground.
