

## Art shows to leave the house for in December 2023

From hip-hop in New York to witchcraft in London and a testament of enduring love in Chicago... here's our round-up of the must-see shows this month

29<sup>th</sup> November 2023 | Ashleigh Kane

Rounding out a great year of art shows are... even more great art shows! The art world has really been gifting us all of 2023, and December's list isn't letting up. From celebrating Charlie Ahearn's iconic film, *Wild Style* in NYC to surrealism and witchcraft in London, and love and intimacy in Chicago, there's something under this tree for everyone. See you in 2024!

### HOSPITAL, POPE.L, SOUTH LONDON GALLERY, LONDON, UK

American artist Pope.L brings his extensive career to South London Gallery for *Hospital*, an inaugural London exhibition that navigates the crossroads of philosophy and theatre. He has explored society, politics, and culture across literature, painting, performance, installation, sculpture, and film, often confronting language, gender, race, economics, and community through provocation.

*Until February 11, 2024*
